Our Moderne Collection unites the concepts of purity of form, exquisite materials, the innovation of today’s design world and absolute function. The finest material including stone, pewter, brass and copper are carefully crafted into sculptural form that are both modern and industrial inspired. You will also discover new perspectives from the Thierry François and Matthew Quinn design alliance. Quinn brings a unique modern and transitional aesthetic to the collection with streamlined shapes, geometric and linear details. Together they have captured the essence of combining classical architectural elements with modern design utilizing unprecedented mixes of stones, metals, colors and textures.

WITH INSPIRATION GOING BACK TO ANTIQUITY, THE ANCIENT FRENCH FARMHOUSE, or the vast bustling kitchen of a château, our Classic Range Hood Collection varies from the simply elegant to creations of intricate beauty, ranging in scale and style from the delicate and understated to grand and majestic.
the CALVI

The Calvi is a simple range hood with clean lines and sturdy shelf framed by broad horizontal moldings.

Classic
The Toscany range hood possesses great stature and strength. With tapered and sloping sides, the shelf is crowned with a prominent brow moulding. It has all the confident style and refinement of a 19th century Italian villa.
The Provence, featured in Scagliola Stone™ with DeCorbusier Pewter Stack.

**the CLASSIC COMPOSITION of STONE and METAL**
the PROVENCE

This range hood has an understated style typical of Provence farmhouses. The plain shelf is complimented by the chiseled look of the cornice. The frieze may be embellished with carvings.

Classic

The Provence featured in Scagliola Stone™ with De Corbusier Pewter Stack.
The Toulouse is a simple yet sophisticated range hood with rustic French appeal. The elegant shelf features a subtly arched opening, crowned with a prominent molding that adds a formal touch. The arch makes a focal point of the very soul of a home, the kitchen hearth.

Classic
The Toulouse featured in Scagliola Stone™ with ColdCast Pewter Stack.
The Antonella is a stunning range hood inspired by Romanesque architecture of the 11th and 12th centuries. The projecting semicircular shelf and tapered stack are reminiscent of medieval hoods.

The French Mystic is a majestic range hood with a design reminiscent of a time when the fireplace was located in the kitchen and used for cooking. The shelf has an arched opening and features a central keystone that can be further embellished with carvings.

The French Mystic featured with a custom Provence Stack and Custom Corbels with extensions.
The Trianon is a grand range hood, inspired by the palace of Versailles. The shelf features a recessed frieze decorated with twining ivy and a recessed upper stack that allows for a generous shelf.
the MARIE ANTOINETTE

The Marie-Antoinette is an intricately ornate range hood with an elegant arched opening and a frieze decorated with ivy and floral carvings. The arch compels the eye to focus upon the very soul of the kitchen, the hearth.

Classic
The Notre Dame is a highly decorative range hood in medieval neo-Gothic style. The shelf features a Gothic arch decorated with carved motifs inspired by Gothic tracery.
The Regent is an elegant and streamlined range hood with a very simple shelf. It has strong architectural lines with a succession of recessed and protruding moldings. The exquisite proportions and simple lines of the corbels beautifully compliment the gracefully curved stack to create an elegant balanced design.
